Dear Colleague:

We would appreciate it greatly if you could include the following notice in the next issue of your publication.

The Computer Clearinghouse Project for computeraided studies in all areas and periods of German Language, Literature and Language Pedagogy and in Medieval Scandinavian invites all colleagues working in these fields to list ongoing, completed and/or projected work with the Project Directors, Professor Evelyn S. Firchow, University of Minnesota, 219 Folwell Hall, 9 Pleasant Street S.E., Minneapolis, MN 554550123, USA (email: firch001@maroon.tc.umn.edu) or Professor Anna A. Grotans, Ohio State University, 314 Cunz Hall/German, Columbus, OH 432101229, USA (email: agrotans@magnus.acs.ohiostate.edu).

Only projects using the computer for calculations and research can be included — not word processing. All projects will be listed in the *International Annual Newsletter for German Computer Research* published in the first annual issue of the *Germanic Notes and Reviews*. Yearly subscriptions to this journal are U.S. \$14 domestic and U.S. \$16 international. All checks or inquiries should be sent to Professor Richard Krummel, Editor, *Germanic Notes and Reviews*, 2801 Arrowwood Circle N.W., Bemidji, MN 56601, USA.

An abbreviated version of the *Newsletter* appears in the first yearly issue of *Germanistik* (Niemeyer, Tübingen). This list does not include projects in German Language Instruction or the Items of Interest sections.

We greatly appreciate your assistance in this matter. With best wishes for the coming academic year. Sincerely yours.

Evelyn S. Firchow
Professor of German and Germanic
Philology

Anna A. Grotans
